The wide ambi has been narrowed and reshaped <http://www.berryhillguns.com/images/stories/myshow/meusoc22>.

The replica of the MEUSOC 1911 continues to be the most popular pistol that I build.. I just finished this one and took a few snapshots before sending it back home to its owner.. close up of the grip safety Since Clark has discontinued their grip safety, I modify an Olympic Arms grip safety to look like it.

[Patch Starsat 2000 Hd Hyper Software](#)

This involves re-cutting the grip safety radius to 250 and a lot of grinding and shaping.. jpg Starting to gather specs for a pre-MEUSOC build that I am calling ICQB Tribute pistol.. Was there ever any spec's or solid information on this?IM me if you wish [1 Password For Mac Torrent](#)
